**THIS IS THE ULTIMATE  
OFF-ROAD EXPERIENCE.**

**EVERY CAN-AM® OFF-ROAD VEHICLE IS A PERFECT  
COMBINATION OF INDUSTRY-LEADING PERFORMANCE,  
PRECISION-ENGINEERED HANDLING AND RIDER-FOCUSED DESIGN.**

# DEFENDER

Defender Mossy Oak Hunting Edition HD10 shown

## WHATEVER YOU'RE INTO, DEFENDER IS UP FOR.

Getting the job done is what the Defender is designed to do and does best. Whether it's working the woods, roaming and ruling the farmland, or leading the hunt. From the toughness of its outperforming engines and all-terrain traction, to its steadfast, class-leading payload and towing capabilities, to the out-and-out intelligence and flexibility of its work and ride-enhancing innovations. Defender does it all. And better.

### FEATURES

#### REDEFINING TOUGH.

72  
HP

Rotax® heavy-duty engines are ready for whatever you can throw at them. Not only with superior torque power over that of Defender's closest rivals, but by also redefining 'tough' in gentler terms. You get a more comfortable ride with Rotax HD's low vibration and rear placement. And with their lower maintenance needs, you get all the reliable power you need, plus cost-efficiency you can really appreciate.

#### WHEN CAPABLE REALLY COUNTS.

2,000  
LB

More thought has gone into how you'll use your Defender than has gone into any utility vehicle we've ever built. Which is why it's a more capable and versatile carrier than any in its class. Defender's cargo box offers infinite flexibility for configuring to your working or sporting needs, thanks in part to its built-in LinQ quick-attach system and other integrated recesses. Load it up to 1,000 lb (454 kg), then hitch up another 2,000 lb (907 kg) and you're still good to go, even with a passenger or six.

#### WHERE CLEVER REALLY SHOWS.

Intelligent design is everywhere on the Can-Am Defender. But uncommon innovation—like the more forward pillar placement for easier cockpit access, flip-up seats revealing more storage, or full, hard or soft closed cab options—just takes 'clever' to a whole new level.

# COMMANDER

Commander LIMITED 1000 shown

## WORK ALL DAY. PLAY ALL WEEKEND.

The Commander is what you make of it. Its versatility means it can be a great partner for getting the job done, a great companion on a hunt or satisfying trail cruiser. No matter which specialized package you choose, your Commander will be powerful, capable and comfortable.

### FEATURES

PROVEN ROTAX ENGINE OPTIONS

#### INDUSTRY-LEADING PERFORMANCE

**85 HP** Available in a 71-hp Rotax 800R or 85-hp Rotax 1000 liquid-cooled V-Twin engine, with four valves per cylinder and single overhead camshafts. Both feature twin fuel injectors that supply efficient fuel delivery into the combustion chamber for powerful, yet precise performance.

TORSIONAL TRAILING ARM INDEPENDENT REAR SUSPENSION (TTI)

#### COMFORT AND CONTROL

**TTI** The only independent rear suspension that eliminates scrub and camber changes, the wheels pivot straight up and down rather than in a butterfly motion like competitors' systems. So, the vehicle moves only in the direction you point it. There's also an external sway bar for more controlled body roll in turns.

DUAL-LEVEL CARGO BOX

#### EXCLUSIVE AND VERSATILE

**600 LB** The industry's most versatile and usable cargo box design has a 600-lb (272 kg) cargo capacity, dual storage levels, anti-rust box, and tilt-assist dumping. Cargo box with two levels separated by a removable, water-resistant panel, that offers an upper and lower bed with their independent tailgate.

# MAVERICK

Maverick xc 1000R & Maverick DPS 1000R shown

## SHARE THE EXCITEMENT, ON EVERY TERRAIN.

Excitement is designed into every Can-Am off-road vehicle. The beauty of our Maverick performance side-by-sides is that you can share the acceleration, corner carving, climbing and whoops-taming with a buddy or the whole family. There's a Maverick for almost every terrain out there: Sand dunes, desert, tight wooded trails, deep mud. When you test ride one, bring along a friend to get the full effect.

### FEATURES

POWERFUL ROTAX ENGINE

#### INDUSTRY-LEADING PERFORMANCE

101  
HP

The 1000R engine is optimized for pure-sport performance by applying state-of-the-art high-flow dynamics. By optimizing the air intake, combustion and exhaust flow we improved engine efficiency to generate 101 horsepower.

FOX PERFORMANCE SERIES SHOCKS

#### PRECISE RIDE

FOX  
SHOCKS

Front and rear FOX Performance Series shocks with compression and preload adjustments. Rebuildable design allows for easy service and valving changes.

ROOMY AND STYLISH COCKPIT

#### COMFORT, ALL DAY LONG

ROOMY  
COCKPIT

Every inch of the Maverick is designed to provide both driver and passenger(s) with a more connected sport side-by-side experience, thanks to maximum comfort and easy access to cockpit controls and information.

# MAVERICK TURBO

Maverick MAX X ds 1000R TURBO shown

## NOTHING COMPARES TO THEM. PERIOD.

What do you do after you introduce the most powerful and agile side-by-side vehicle of the industry? You add even more power, of course. We've upped the horsepower of our Rotax 1000R TURBO to 131 hp. Try one to experience how it tames dunes like they belong in a kid's sandbox.

### FEATURES

POWERFUL ROTAX ENGINE WITH TURBOCHARGER OPTION

#### FIRST FACTORY-INSTALLED TURBO

**131 HP** Boosting the performance of the proven Rotax 1000R engine with the industry's first factory-installed turbocharger enables the Maverick TURBO to produce an impressive 131 hp. The Continuously Variable Transmission (CVT) showcases a redesigned driven pulley with a Quick Response System (QRS) and an improved drive pulley that allows better power transfer and a faster engagement time.

TORSIONAL TRAILING A-ARMS REAR SUSPENSION (TTA)

#### INNOVATIVE REAR SUSPENSION

**TTA** The innovative Torsional Trailing A-arms (TTA) rear suspension is a compact version of a five-link suspension featuring no bump steer and low scrub. This all translates to a more controlled wheel movement, optimal bump absorption and tire-to-ground contact for predictable handling. Compact design means low unsprung weight for quicker suspension reaction to changing terrain. Its 16-in. (40.6 cm) of travel will provide a smooth ride at hard-charging paces or in technical terrain.

28-IN. MAXXIS BIGHORN 2.0 TIRES ON ALUMINUM BEADLOCK WHEELS

#### PERFORMANCE WHEELS AND TIRES

**TRUE BEADLOCK** These 14-in. (35.6 cm) aluminum beadlock wheels use a mechanical fastening system that makes it nearly impossible for the tire bead to break loose from the wheel during heavy acceleration or cornering. Proven 28-in. (71.1 cm), 6-ply Maxxis Bighorn 2.0 tires feature sturdy lugs and a non-directional tread pattern for a smooth and confident ride over a variety of surfaces. # OUTLANDER 450/570

Outlander XT 570 shown

## PREMIUM CAN-AM PERFORMANCE. ACCESSIBLE PRICE.

With the Outlander 450 / 570, we've taken all the things that make our Outlander ATVs successful and made them more accessible than ever. Because whether you're hauling, towing, hunting or hitting the trail, you need a machine that more than meets your expectations.

### FEATURES

PROVEN ROTAX ENGINE OPTIONS

#### CATEGORY-LEADING PERFORMANCE

48  
HP

The proven Rotax engines offer unmatched power and performance while remaining both reliable and efficient. Select from either the 38-hp Rotax 450, that became the new benchmark in its category or the 48-hp Rotax 570 that offers more torque, and better acceleration. Both offer an impressive 1,300 lb (589 kg) of towing capacity.

TRI-MODE DYNAMIC POWER STEERING (DPS)

#### VARIABLE STEERING ASSISTANCE

DPS

The industry-exclusive Tri-Mode DPS features three selectable modes of assist – MIN, MED, and MAX. Each mode provides less assist at high speed for better precision and more assist at low speed for easier steering. (Available with DPS, XT and Mossy Oak Hunting Edition packages)

RUGGED FRONT AND REAR STEEL RACKS

#### EASY ON, EASY OFF

360  
LB

The Outlander 450 / 570 models feature robust front and rear steel rack designs with a 360-lb (163 kg) combined rack capacity. The integrated LinQ quick-attach accessory system offers convenient and adaptable cargo hauling capabilities and works with numerous Can-Am accessories.

# OUTLANDER 650 / 850 / 1000R

Outlander MAX LIMITED 1000R & Outlander MAX XT-P 1000R shown

## ANY TERRAIN. ANY USE. ANY SEASON.

The Outlander is our flagship ATV for a reason – it is a showcase for Can-Am performance, handling, versatility and design. It's equally capable of a hard day's work, a long day's trail ride, a weekend hunt or a morning of snow plowing.

### FEATURES

PROVEN ROTAX ENGINE OPTIONS

#### INDUSTRY-LEADING PERFORMANCE

**89 HP** The proven Rotax engines offer unmatched power and performance while remaining both reliable and efficient. Select from either the Rotax 650, the Rotax 850, the most powerful engines of their classes and the Rotax 1000R, that offers an industry-leading 89 hp.

TORSIONAL TRAILING ARM INDEPENDENT REAR SUSPENSION (TTI)

#### COMFORT AND CONTROL

**TTI** The only independent rear suspension that eliminates scrub and camber changes, the wheels pivot straight up and down rather than in a butterfly motion like competitors' systems. So, the vehicle moves only in the direction you point it. There's also an external sway bar for more controlled body roll in turns.

MULTIPURPOSE RACKS WITH LINQ QUICK-ATTACH SYSTEM

#### EASY ON, EASY OFF

**LinQ** The Outlander is equipped with our high-strength racks that include anti-skid surfaces and raised edges to stabilize cargo during your ride. Multiple edges and holes offer numerous anchor points for tie-downs and bungee cords. It comes with our exclusive LinQ quick-attach system that enables you to add and remove Can-Am accessories in just seconds, including trunk boxes, gun scabbards, modular bags, rack extensions and more.

# OUTLANDER 6x6

Outlander 6X6 XT 1000 shown

## THE ROUGHER THE TERRAIN, THE TOUGHER THE JOB, THE MORE IT SHINES.

Whatever you throw at it, the Outlander 6x6 is more than ready. True 6x6 drive mated with the most-powerful engines in their class means that almost no load is too heavy, no muck too sticky, no slope too steep. And its massive reconfigurable Dual-Level™ cargo bed is unlike anything in the industry.

### FEATURES

PROVEN ROTAX ENGINE OPTIONS WITH LOW GEAR

#### INDUSTRY-LEADING PERFORMANCE

**LOW GEARING** The proven Rotax engines offer unmatched power and performance while remaining both reliable and efficient. Select from either the 62-hp Rotax 650 or the proven Rotax 1000, that offers 82 hp. Both engines use specific gear ratio for more comfort in low-speed riding and better traction when pulling heavy loads.

DOUBLE TORSIONAL TRAILING ARM INDEPENDENT REAR SUSPENSION (TTI<sup>2</sup>)

#### PRECISION HANDLING

**TTI<sup>2</sup>** The only independent rear suspension that eliminates scrub and camber changes, meaning the wheels pivot up and down rather than in a butterfly motion. This ensures the vehicle moves only in the direction you point it. Designed to improve traction and optimize transfer of power to the ground. Offering five-way preload adjustable shocks and 9.3 in. (23.6 cm) of suspension travel, it can soak up rough terrain while keeping the rider comfortable and focused on the trail.

DUAL-LEVEL CARGO BOX WITH MODULAR ACCESSORIES

#### EXCLUSIVE AND VERSATILE

**700 LB** This unique cargo box features two storage levels, 700 lb (318 kg) of capacity and tilt-assist dumping. Its standard removable side panels enable you to create a flatbed in seconds. You can also add accessories such as a cargo cover, log bars, tailgate extension and more.

# DS 70/DS 90/DS 250

DS 90x and Outlander XT 1000R shown

## START THEIR PASSION EARLY.

Our DS youth and teen ATVs have the ideal mix of performance features modeled off our adult vehicles, and safety features to give parents control and peace of mind.

### FEATURES

FULLY AUTOMATIC CVT (CONTINUOUSLY VARIABLE TRANSMISSION)

#### ALWAYS IN THE RIGHT GEAR

**CVT** Continuously Variable Transmission means the drive shaft is always in the right gear. And with forward / neutral / reverse capability, it keeps kids from worrying about shifting gears or getting off the vehicle to go in reverse.

DOUBLE A-ARM FRONT SUSPENSION

#### SMOOTH RIDE

**CONTROL** A long travel suspension delivers a smooth ride with more control in the bumps. (Available on DS 90, DS 90X and DS 250)

BUILT-IN THROTTLE LIMITER

#### PARENTAL CONTROL

**PEACE OF MIND** Built-in throttle limiter so parents can keep their child's speed under control. The speed limiter allows you to increase the speed as they grow up.

# X mr FAMILY

Maverick MAX X mr 1000R shown

## READY FOR THE MUD, RIGHT FROM THE FACTORY.

Everyone knows the way to dominate the mud pit is with power. Each mud-specialized X mr family units – including the new Renegade X mr 570 and the Maverick MAX X mr - delivers best in class power. So you know they're ready.

## FEATURES

PROVEN ROTAX ENGINE OPTIONS

### INDUSTRY-LEADING POWER

89  
HP

The proven Rotax engines offer unmatched power and performance while remaining both reliable and efficient, so you can get in and out of that mud pit. Select from either the 48-hp, Rotax 570 that offers more power; the Rotax 650 and the Rotax 850, the most powerful engines and the Rotax 1000R, that offers an industry-leading 89 hp. Each X mr engine is snorkeled to offer maximum performance in deep mud.

RELOCATED RADIATOR AND AIR INTAKE

### ALL-DAY PERFORMANCE

MUD  
READY

Located in place of the front rack, the radiator is kept out of the mud and wears a protective, vented cover, ensuring you'll be able to enjoy all-day rides in deep goop (Outlander X mr family only). The air intake is also relocated high enough to get you in, and out of the mud.

SPECIALIZED MUD TIRES

### MAXIMUM TRACTION

MUD  
TIRES

Every X mr ATV or side by side vehicle is equipped with specialized mud tires, designed to give maximum traction in the deepest mud holes and a smooth ride to the next one.

# MOSSY OAK HUNTING EDITION

Outlander 1000R Mossy Oak Hunting Edition shown

## UNITED FOR THE HUNT.

Your Can-Am vehicle is more than a tool – it’s an important part of your life. So when it came to a camouflage partner, Mossy Oak was the perfect fit. Because like you and us, the outdoors isn’t their passion, it’s their obsession. All Can-Am models feature Mossy Oak’s new Break-up Country pattern, with elements from North American forests and a design balance blending in to break up your ride’s outline. We worked together to create the ultimate hunting package: the Mossy Oak Hunting Edition, available on the Outlander 570, Outlander 1000R, Commander 1000 and Defender HD10 .

## THE ULTIMATE HUNTING PACKAGE

If you’re heading out solo or with a friend, we have the perfect vehicle that will work with you to bring back your quarry. Mossy Oak Break-Up Country pattern combined with factory-installed accessories gives you the ultimate hunting package.

# CAN-AM GENUINE PARTS, RIDING GEAR AND ACCESSORIES

## WHY CHOOSE CAN-AM ACCESSORIES?

### QUALITY & SEAMLESS INTEGRATION.

It's that simple. Our commitment to innovation, high-quality materials and seamless integration means no one is more qualified to create the accessories for our industry-leading ATVs and Side-by-Side vehicles. They fit in and fit right, look great, and are made to last. Only Can-Am accessories can truly make it your Can-Am.

### TRUST & RELIABILITY.

Quality and confidence are built into everything we make, even our warranty. That's why off-road enthusiasts trust Can-Am accessories. It's a responsibility we take seriously, so you will be pleased to know that genuine BRP parts and accessories<sup>1</sup> are covered for an entire year<sup>2</sup> - no matter when they're purchased<sup>3</sup>. And if it's an aftermarket product and BRP or an authorized dealer sells it, it's also covered<sup>4</sup>! Add to that a 4-year limited warranty on helmets and it's clear; our commitment to quality and to you is rock solid. In addition, our limited warranty comes with significant added value, because labor and collateral damage to the vehicle may be covered only if the failed part or accessory was installed by a BRP authorized dealer or distributor. We build them - we back them. Which is why for generations you've trusted us to get you there, and you know you can trust us to keep you going.

### PERFORMANCE & PERSONALITY.

Can-Am. It's power, performance, freedom and versatility driven by unrivalled quality and reliability. Can-Am can quench your thirst for adventure and help get things done. Nothing beats our huge range of customized accessories designed to get the most out of every thrill, every mile, and every job.

The ATV Safety Institute at 1-800-987-2887. Always wear a helmet, eye protection, and other protective clothing. Always remember that riding and alcohol/drugs don't mix. Never ride on paved surfaces or public roads. Never carry passengers on any ATV not specifically designed by the manufacturer for such use. Never engage in stunt driving. Avoid excessive speeds and be particularly careful on difficult terrain. All Can-Am ATV adult models are Category GATVs (General Use Models) intended for recreational and/or utility use by an operator ages 16 or older. ATVs with engine sizes greater than 90 cc are recommended for use only by those designated as T14. Read the side-by-side vehicle Operator's Guide and watch the SideVid before driving. For your safety, wear a helmet, eye protection and other protective gear. Fasten lateral net and seat belt at all times. Always remember that riding and alcohol/drugs don't mix. SSV is for off-road use only. Reserve your future riding opportunities by showing respect for the environment and laws and the rights of others when you make sure that all laws, regulations and BRP's warnings/recommendations are respected. Ride responsibly.
