# IT'S TIME TO GET IN THE SPYDER® LANE.

---

Life comes with a turn signal. Use it. If you do, the black red carpet is rolled out for you.

The road doesn't care where you're going. Or where you're from. It's a two-lane therapist, guru, Zen master. You never really know that when you're hermetically sealed in a sedan. So kick the doors off the 9 to 5. Blow them off anything that keeps you stuck inside.

It's time to be open to the wind, the land, the sky. To stop wondering what's around the next corner. And start finding yourself there.

It's time to get in the Spyder lane. Built for the open road—it's designed to leave the domesticated, day-in-day-out behind. More stable than a motorcycle, more open to the life around you. And always open for what's ahead.

Open your road. Can-Am® Spyder.

# LOVE AT FIRST RIDE.

---

Your first taste of this one-of-a-kind open-air riding experience will have you thinking about leisure time differently. Once that motor is revving, a world of new opportunities awaits. Even a downtown errand will become a good reason to go for a ride.

You don't have to be an experienced rider to explore all that being out on the road has to offer. When you get going on a Can-Am Spyder, you can ride and share great memories with anyone who has a love of twists, turns and wide-open highways.

From the moment you get in the driver's seat, you'll find the Y-frame design, Vehicle Stability System and cargo capacity are the perfect balance of confidence and comfort. Plus, the Rotax® 1330 ACE™ engine offers the power, torque and signature exhaust note that turns every stretch of road into an exhilarating journey.

2017 CAN-AM SPYDER

# IT'S YOUR JOURNEY. RIDE IT YOUR WAY.

---

There's a Can-Am Spyder for every weekend getaway and dedicated horizon chaser, one that fits every riding style and need.

Looking for a relaxed riding position and a spirited time on the road? The cruising riding position, low center of gravity and custom fit on the Spyder F3 let you sit comfortably while getting the most out of a thrilling ride. Plus, if you want to go wherever the road leads you, it also has great cargo capacity and passenger comfort.

The Spyder RT with its more classic seating position is the ideal touring vehicle for those who love to get far away from it all. It's equipped for touring and more, so you and your passenger can go the distance time and time again in ultimate comfort.

To experience it for yourself, visit [TrySpyder.com](http://TrySpyder.com) and schedule a test ride today.

**SADDLE UP FOR THE RIDE OF YOUR LIFE.**

Escape the everyday with exhilarating performance, cruising riding position, and bold and muscular styling.

Vehicle shown with optional accessories.

# SPYDER F3

---

YOUR ADVENTURE STARTS HERE.

Now everyone can leave the everyday in the dust. With its cruising riding position, custom fit, great performance and advanced automotive technologies, the Spyder F3 gives riders confidence and total freedom on every stretch of road—all at an attractive new price.

● STEEL BLACK METALLIC

# SPYDER F3-S

## FUN-FACTOR UNLEASHED.

Want to take your ride to the next level? Ten extra HP elevates the performance, and with the gas-charged FOX<sup>+</sup> PODIUM<sup>+</sup> shocks and the cruise control you'll experience a comfortable ride to every destination. Turn on the Sport Mode and feel your adrenaline surge as you tame twisting roads or perform controlled rear tire spins, all while maintaining your balance and peace of mind. It's our most permissive stability system setting yet.

- OXFORD BLUE METALLIC
- MONOLITH BLACK SATIN
- PURE MAGNESIUM METALLIC
- DAYTONA 500 EDITION - CIRCUIT YELLOW METALLIC  
(Comes with extra standard features. See page 28 for details.)

# SPYDER F3-T

## GO THE EXTRA MILE.

When it's time for an extended cruise, the Spyder F3-T is the perfect choice. You'll appreciate the added wind protection of the low windshield; the convenience of the integrated rear-view mirrors; a 4-speaker audio system; the glove box and comfort of the smooth, quiet shocks. Plus, with the integrated hard side luggage, the only thing you'll have to leave behind is the same old routine.

# YOUR CAN-AM SPYDER. YOUR FIT.

All Spyder F3 models feature our exclusive UFit system so you can customize an exact fit based on your height and preferred riding style. Choose from five footpeg positions and five handlebar options to optimize your fit and comfort. Find your perfect fit at [ufitsystem.com](http://ufitsystem.com) or visit your dealer and ask about the showroom fit tool.

2017 CAN-AM SPYDER

---

LUXURY FOR THE LONG RUN.

The most comfortable and luxurious ride for two. A powerful engine, high-end features, a long fuel range and a long-distance seat mean you'll only have to stop when you want to.

# SPYDER RT

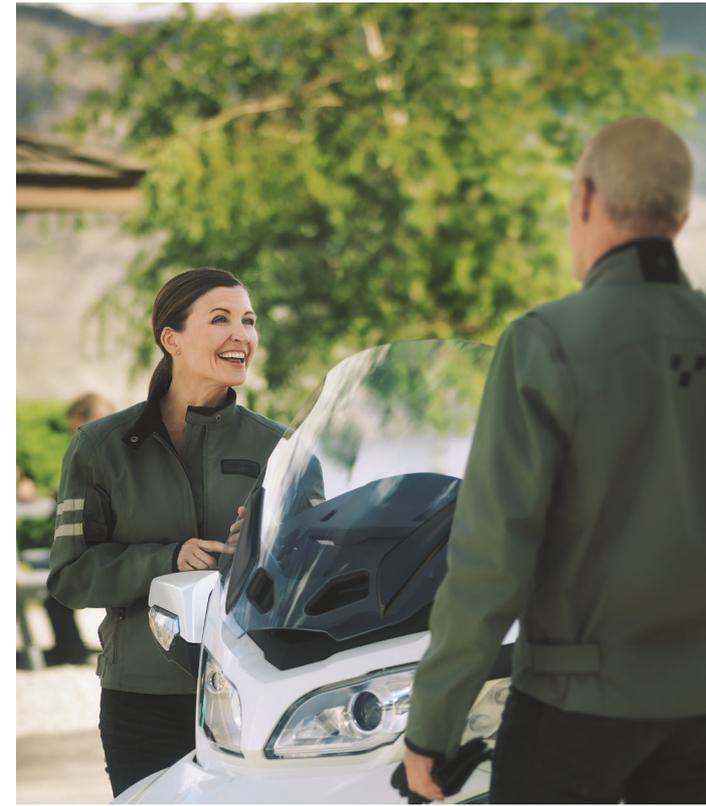

---

## DESIGNED FOR TOURING.

Jump on the Spyder RT and don't look back. With its long list of comfort and convenience features, such as an adjustable windshield, cruise control and 4-speaker audio system, you and your passenger will find the open road hard to leave.

○ PEARL WHITE

# SPYDER RT-S

## THE PERFECT GETAWAY VEHICLE.

If you are always aiming for more, with extra attitude, the Spyder RT-S is the right vehicle for you. With its adjustable rear air suspension, high-end lighting, carbon black and satin chrome parts and heated passenger hand grips, it lets you and your passenger settle into unmatched comfort for two.

- PEARL WHITE
- ORBITAL BLUE
- CHAMPAGNE METALLIC

# SPYDER RT LIMITED

## ALWAYS TRAVEL FIRST CLASS.

Experience the ultimate touring experience with everything a Spyder RT has to offer. In addition, the Garmin Zumo+ 590 GPS and standard travel bag will definitely make you feel like the VIP rider you deserve to be. And the generous well-appointed chrome touches add enough style to turn heads, time and time again.

- PEARL WHITE
- ORBITAL BLUE
- CHAMPAGNE METALLIC
- ASPHALT GREY METALLIC

Can-Am Freedom Trailer sold separately.

# ENGINEERED FOR THE ROAD AHEAD.

---

All Can-Am Spyder models are powered by the Rotax 1330 ACE engine. This proven engine is configured with 3 in-line cylinders, producing high-torque response in every gear, 40 percent more low-end torque and a deep, unmistakable exhaust note. Plus, ride in confidence with 7 automotive technologies, including the most advanced vehicle stability system in the industry.

## 1 - STABILITY CONTROL SYSTEM

The stability control system assesses your intended direction and determines the right response, applying the brakes to the wheels individually and/or reducing excess engine torque until you regain control.

## 2 - TRACTION CONTROL SYSTEM

It detects excessive rear wheel spin (e.g. in slippery conditions) and provides better grip for a more confident ride by regulating engine ignition and fuel injection, and reducing engine torque.

## 3 - ANTI-LOCK BRAKING SYSTEM (ABS)

ABS monitors each wheel's rotation independently and reduces brake pressure to any wheel at risk of locking. Combined with Brembo<sup>+</sup> brakes, it delivers maximum braking performance.

## 4 - REVERSE

True transmission-based reverse provides improved maneuverability to give you complete and confident control.

## 5 - DYNAMIC POWER STEERING

The electronically controlled power steering system varies the amount of assistance depending on your vehicle's speed, making it easier than ever for you to maneuver and steer.

## 6 - SEMI-AUTOMATIC TRANSMISSION

No clutch lever. No foot shifter. The semi-automatic transmission uses race car-style paddle shifting for quicker, smoother shifts. Manual transmission is also available.

## 7 - CRUISE CONTROL

Simple, one-handed operation and quick engagement allow you to set a comfortable pace easily. Available on all models, except the Spyder F3 base model.

# DISCOVER YOUR NEXT ADVENTURE.

---

Let's venture into uncharted territory. It's time to grip the throttle, put more freedom in your day and find your own way forward. When you're out on a Can-Am Spyder, you'll meet new people, see new horizons and experience the world around you like never before.

Built for the modern world and for ultimate control, it's powerful enough to reignite the spirit of adventure in us all. Now it's becoming a movement. More and more people from all walks of life are joining in, riding into new lands and into a whole new community called Can-Am Spyder.

## EASY LICENSING

Though sometimes there are a few exceptions, simplicity is the rule. Generally, licensing is completed in one day, using a Can-Am Spyder for the road test.

Information on regional license requirements is available at [CanAmSpyder.com](http://CanAmSpyder.com).

To find a dealer near you, call 1-888-864-2002 or visit our website at [canamspyder.com](http://canamspyder.com). ©2016 Bombardier Recreational Products Inc. (BRP).
